In this morning's prayers and meditations I reflected on some recent writings – statements made and the wider meaning of that which I might have written 'in passing' yet jump-out when thinking in general about the topic and how it was covered.

The statement about many – way too many – women are living under a Death ruling state, not a worldly ruling but in general refusal to fulfill there sex responsibilities – expanded artificially but accepted in the acceptance of all the benefit and refusal to object – related to fatherlessness and taking places of power over others – political, financial, expanded social, and others that fall far outside the normal roll of women as head of house as wife, and significant child care provider to the very young.

The [often - sin filled - grasping aggressive and seeking] acceptance of such, often to the abandonment of the full care needed by their offspring and to their life-long – sometimes crippling – suffering.

Today when clarity is repressed, actively lied about, punishment if discussed publicly, .. of sex related extra power and privileges, immunity, legality, and especially in the powers of punishment in workplace and career-field, social, sexual (reproductive), financial, and other dimensions.

The female 'networking' tread, the hive-minded factor, unwillingness and inability of supporting a person [male] who is correctly critical of a specific woman or in womanhood in general, and general ugliness and vindictiveness and other anti-social (and hidden actively by them) practices that for boys and men would and should bring immediate correction – often capital – but instead is often 'recast' as something that brings reward.

And much more .. things that older women understand and often discuss in some aspect or other.

—

Now - The intentional retardation of males, especially as they become older and leaves us socially, professionally, legally, .. crippled. Mothers who have actively driven fathers away from their lives, and then continue to propagate the lies and gaslighting.

Similar to professionals – way to many are now women who in this – but in so many other ways – make it clear that women should not be [medical, psychological, ..] doctors, counselors, social-workers, .., teachers to older boys until midlife age of all topics and females related to 'gender-studies' and social-economic connected sexual materials beyond the normal good ethics, practices of Chasity, marriage and related from the Orthodox teachings.

Do not trip over the details – the fact is that all professional women who have been in the work-force working with men, if not in power over them of in a profession where boys and men are patients, but even as co-workers they would be expected to assist others under many dimensions of responsibilities – not the least of which as an obligation to benefactor and employer .. I am sorry but people who do not seem to understand this concept scare me and after careful mentoring suggestions help and when their sociopath and-or religious or sex or other hate or uncaring becomes clear - throwing them off buildings does not seem too extreme a consideration – of course they need help but if forced to be near such people, especially in situations where there is no recourse that does not result in punishment of loss of employment ..
.. and this is now an enslaved tyrannically controlled West, not the West our grandparents had when 'middle class' was literally defined as a one income supporting 4 with savings in bank to support 6 months .. this medical insurrection, wage suppressed coordinated by corpDragon & gov [fraud inflation numbers], usury-debt, .. enslavement – and so some vile cnt – [Christian] [Conservation leaning] white hating minority, man hating female, .. meritless hire who you and others are forced to carry and tolerate .. who is hyper-sensitive to every world or tone, who will take any valid critical statement or attempt at assistance as some racist-sexist-antisemtic or whatever and next thing you and possibly entire family are that much closer to homeless, without health-care, further behind on bills, ...

So why would not shoving such people down a stairwell and stomping on their neck to kill them, shoved in front of a car, .. not be reasonable consideration – especially the kind of lawfare, and powerless in courts, the horror of having some statement – often unaware of – of 'trouble working with women' or '...with minorities' is the actual destruction of any career that can support a family with. When those women can destroy with a lie, whisper, .. procreation and support of family then stabbing them in the throat as casually as what they can and often do to us should be legal, but it is not.

Of course I am not arguing this as anything but an thought exercise, and for you who insist they DID eat breakfast or similarly retarded and hyper empowered to spread horror and crippling everyone near .. why is that Witch showing you this?

The point I keep wondering from, is any women who understands this clearly and is unwilling to warn males near appropriately, or worse – propagates such lies and repressions - and when Justice demands the topic is discussed in relation to real situation and fail to include it .. well shoved down a stairwell and stomped dead seems reasonable .. and actual mothers, brothers, .. ?!

The inhumanity of womanhood is not only in the murder of their own children, the destruction of families and fathers, manhood and fatherhood has clearly been under direct attack by a growing size of women and is now a Marjory defining characteristic.

A good question for the best-dead state of women is why is menopause such an important line .. and how it may be 'sexist' but when dealing with a loved pet gone rabid, ate-filled, Irrational, murderous, demonically controlled – except it is [most] all of womanhood.

The Hope of a future when women are human again can only exist is humanity exists, and no one should treat women as anything but worth of the holy human dignity that once were overflowing with but that Satan has sexually Poisoned them from.

I was thinking what great subjects can and should be formally Debated related to this!

When most professions and too many positions of power have such Sickness filled women, when despite the generations of increasing destroying and mutilating males from crib to bring down some kind of 'average' where such inhuman growing monsters with vaginas, when sexuality is 'fluid' and the clear goal is an mind-soul enslaved genderless gonad-less slave class, and the clear too-rapid vileness and viciousness and un-grounding in Virtue, Truth, Righteousness, Order that males seem to have in our genetics .. makes constant lies of what 'men are' and what they 'should be' by Witches who directly or indirectly pretend that they and women in general – if they were a Mechanical programmed Thing – would and should be destroyed on site for the fact that the last uncountable number were all murdering family destroying nation destroying society Poisoning F-ing Monsters, and only constant Brian-washing and retardation of the young as well as active destruction of those unwilling to ignore such and rewards to all who actively pretend or push such evil-lies and mind-raping (such as teachers, doctors, ..)

Imagine if my alternate timeline where the Vatican was not control by Satan back in the late 1960’s and likely before as we have today, and had become the active Center of world-wide debate and by now with Web takes over most of governments lawmakers and with the Abrahamic World [down to regional] Court system I have outlines and suggested, .. oh well.
Which reminds me I did touch in my meditations of [Pope] Father Jorge Mario Bergoglio related to a video I decided to include .. I am debating on how much of such things are the insanity and clear Satanic actions of Vatican in the destruction and attack on the Body of Christ, but in so many topics where few or none who discuss them actually are able to perpetrate into the clear 'next level'.

Topics which ties all the pieces and motivations together, but are strategically ignored and emotionally blocked.

We see this in the Christian White men Genocide and driving GloboHomo in Ukraine-Russia, Or the Satanic Golden-Calf groups, for example which will bring calls of antisemitism as such is reduced to 'Jews' – even when clearly Jews is too wide a label especially when most Jews to the powerful Sickened-Talmud Golden-Calf Satanists and other versions have and will [clearly] treat non-family as those left in Europe pre-WWII, or soon is israel once they have driven the collapse, to be Scaffries to Satan as the rest of us – and many Jews are gaslit into assistance as 'useful idiots' who often think Jewishness makes them like those powerful and so often actively work to help, being given rewards and positions, but like in Europe then they move to their 'winter' homes leaving them .. like in israel with their settlers and army, .. of course this occurs with all groups – France Police get special treatments when it comes to carve-outs in retirements and Yellow-vest issues, yeet thrown to wolfs when doing job in terms of criminal immigrants.

But about [Pope] [Bishop-Father] Jorge Mario Bergoglio (archived) who 'Presents As' Pope, ..

Born in Buenos Aires, Argentina, Bergoglio worked for a time as a ttacher and a Jesuit as a young man before training to be a chemist and working as a technician in a food science laboratory. After recovering from a severe illness, he was inspired to join the Jesuits in 1958. He was ordained a Catholic priest in 1969, and from 1973 to 1979 was the Jesuit provincial superior in Argentina. He became the Archbishop of Buenos Aires in 1996 and was created a cardinal in 2001 by Pope John Paul II. He led the Argentine Church during the December 2001 riots in Argentina. The administrations of Nietschöhner and Cristina Fernandez de Kirchner considered him to be a political rival. Following the resignation of Pope Benedict XVI on 28 February 2013, a papal conclave elected Bergoglio as his successor on 13 March. He chose Francis as his papal name in honor of Saint Francis of Assisi. Throughout his public life, Francis has been noted for his humility, emphasis on God's mercy, international visibility as pope, concern for the poor, and commitment to interreligious dialogue. He is credited with having a less formal approach to the papacy than his predecessors, for instance choosing to reside in the Domus Sanctae Marthae guesthouse rather than in the papal apartments of the Apostolic Palace used by previous popes.

Francis maintains the views of the church regarding the ordination of women as priests, but has initiated changes in the possibility of ordination and his main concern is the ordination of women in the mass.

.. and refuses the Chair of Vicar of Christ .. Since he is Ordained and not Laisized (Sp?) that Father is the correct title for him - He should have lost his Bishop Status – as the possiblity for him – to govern, imprisonment, and torture.

Of course – as I argue – the Pope in 1960 whom refused to follow the Holy Virgin Mary's instruction to release the 3rd Secrete of Fatima showed he was Satanically Directed, and give argument material to those who say the entire Bishop Class is no longer valid and similar – as none living were ordained under older Popes, which is a ShitStorm and example of what happens when a very very clear evil is left uncontested by others with responsibility to have acted to push for that release, and of course all the Goodness of Vatican II has been Corrupted and Turned into Septic Sickness throughout the Body of Christ, and the Leadership .. most hanged till dead is clearly Just.

So instead of variations of the many Goodness that the Holy Ghost handed to Church in Vatican II – some I have produced; Debate System, Abrahamic Court System, re-affirmation of need for Public Pain & Shame with [many] crimes, .. many and I will leave to do them up .. - instead we have Sin, Death, and Hell on Earth, constant and ongoing attack on Church and Body of Church under warped excuse of Vatican II

I suggest that the Father in video consider addressing Father Jorge Mario Bergoglio as Father, for which he disrespects the title but it is Just to attach to him .. unless Canon Law makes it impossible to reduce from Bishop which I think I heard in genera terms was the situation in one of the after Mass Theology and adult Catholic Formation classes I was involved with ..
.. For which then 'Bishop' is correct .. which is what he is now, of course.

I refuse to be significantly bother by this – as I clear Operate unrestrained by much of the World – Knowing that the Vatican and much of all 'Authority' sits now through Satan and if I could stand on a high enough place – pissing on it all would not be sacrilegious and IS likely Required in Justice. All that while not disRespecting those who are still virtuous in following and working towards the Good Ideals – if you can imagine those acrobatics.

I Suggest you allow the Holy Ghost to Activate that Priest, Prophet, and Prince [king] that you have been given at Baptism, and definitely stop relying on those who clearly Hate you and want you in Hell. Go to Mass in the proper State and Receive as so Moved, and someday someday you may be in a place where Jesus comes in the Flesh when you need him, and this will be distant fading nightmare – that you are IN the world, not OF the world.

- These are thorny problem – which is what happens when Satan is allowed generations of control. People end up fighting over side details and the overall issue is lost – Satan in Vatican no matter who the puppets are and what we do or do not call them.

.. Like womanhood in general and more so everyday as a festering self-moving Satanic Toxic Pile of inHuman Vomit-from-Hell Sickening us all. How many Generation of Satan’s rule of West did that take?

Repent, Seek God.

So I've been training the new guy for almost two months now and we're finally to the point where we can discuss taboo political topics without him rolling his eyes.

Today I showed him things about Israel from Israeli sources like them being the homosexual, human trafficking, child trafficking and organ harvesting capital of the world. I asked him about the rebuilding of the Third Temple and the coming messianic age and asked him why that was our greatest ally. He didn't say much but he listened instead of rolling his eyes and agreed that those things were bad but wouldn't go further than that agreement.

Progress.
